## Foster and Hulsey Were Homecoming Queens

QUEEN CANDIDATES WERE Candy Nevers, Donna Edwards, Judy Hulsey, Beverly Foster, and Polly Davis.

TONY FLORES, first place winner in the individual division floats, proudly displayed his hard work.

Homecoming festivities began with the parade of nearly 100 cars and floats decorated by the students. During half-time the winners of the best Homecoming floats were announced. Home Appliances Shop won first place as the best entry submitted by a shop and second went to Welding Shop. The club's first place went to Y-Teens, and G.A.A. received second. Honorable mentions went to both Chess Club and Distributive Education. In the individual entries, Tony Flores placed first; Tom Lazowski won second, and third went to Marsha Rak. Tom Ridgely and Janet Lakatos both received honorable mentions.

At the bonfire, enthusiasm rose as the cheerleaders directed yells to keep up the school spirit, and Coach Bereolos introduced the team.

Tech trounced Clark's Pioneers with a 46-6 victory. Six Tigers shared the touchdown honors. They were Virgil Sanger, Mike Irk, Gary Musgrove, Chuck Murdock, Dale Ridgely, and Bill Vandenbenden. During half-time Beverly Foster and Judy Hulsey were announced co-Queens, and Ken Littlejohn was crowned King. Others in the court were Polly Davis, Donna Edwards, Candy Nevers, Leland Barr, Mike Irk, Oscar Oregon, and Tom Tyrka.

Festivities ended with a soc-hop, sponsored by the Student Council, which was at Civic Center.

THE BONFIRE BLAZED brightly as students anticipated a win over Clark in the homecoming game.

JUDY HULSEY looked on in admiration as Beverly Foster crowned Homecoming King, Ken Luitgohn. Beverly and Judy were co-Queens.

THE CHEERLEADERS led the crowd in cheers to raise enthusiasm for the Homecoming game with Clark.

# Hammond Tech's 1963 Football Season Was Termed

TENSION AND WORRY seized our cheerleaders as they wondered about the outcome of the game.

The 1963 Tech football team enjoyed one of the school's finest seasons and fielded what was considered by many as one of Tech's strongest teams. This year's team set the school's scoring record by scoring a total of 48 points in one game (Whiting game).

Coach Walt Viellieu summarized the season as being very successful and one which coaches, players, students and teachers could be proud of. He also stated that this team was the best he had

THE STRAIN of the game is clearly pictured on Coach Walt Viellieu's face as he thinks about what play to use next.

ever coached and that the boys had senior leadership that is so necessary to success in athletics.

The games won were as follows: Morton, 32-6; Whiting, 48-7; Valparaiso, 14-13; River Forest, 33-0; Clark, 44-6; and East Chicago Washington, 20-7.

The games lost were the following: East Chicago Roosevelt, 14-0; Hammond High, 20-2; Gavit, 13-7; Bishop Noll, 20-0.

SCRAMBLE TO GET the ball and take off is just what the Tigers did.

THIS GAVIT PLAYER'S troubles aren't over with Dale Ridgely as Jerry Toler, and Jerry Wainscott also close in.

IT'S AROUND THE END for Joe Avery as Clark players take up the grueling task of trying to bring him down.

## Tech Cagers Displayed 'Never-say-die' Spirit

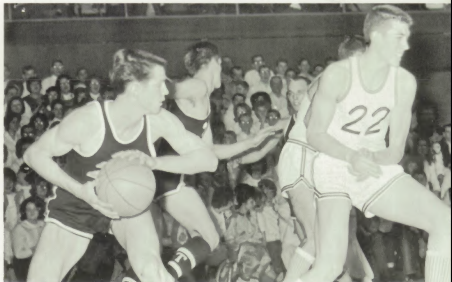

The 1963-64 basketball season turned out to be a pleasant one, according to Coach George Bereolos. The Tigers played better than .500 ball and could have had a better won and loss record with a few breaks in crucial contests.

This year's Tiger squad displayed a "never-say-die" spirit. This quality of performance drew praise from both opponents and fans alike.

The games won by the Tigers were as follows: Merrillville, 74-71; Whiting, 66-65; Morton, 63-59; Horace Mann, 75-69; Portage, 82-67; Chesterton, 87-63; Emerson, 80-68; Griffith, 84-67; Lew Wallace, 81-73; Washington, 71-67; Clark, 80-63; and Morton, 57-46.

Games lost were against Highland, 57-53; Bishop Noll, 66-80; Valparaiso, 97-74; Calumet, 68-74; E. C. Roosevelt, 73-70; Froebel, 89-69; H. H. S., 78-70; Tolleston, 84-61; Chesterton, 61-50; and Calumet 91-54.

Wild screams came from the stands as Tech took the lead.

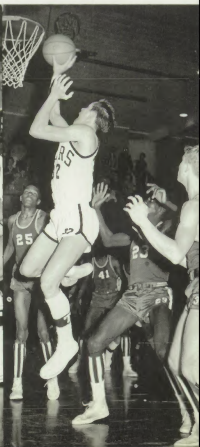

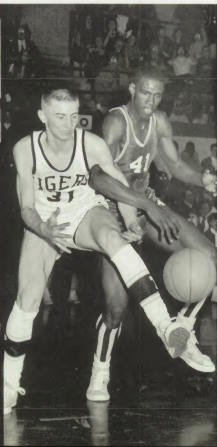

TECH TIGERS stole the ball from Morton Governors during the first sectional game.

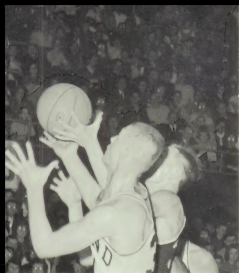

THERE IS A FOUL on someone; Virgil Sanger is sure of that, but right now he's hoping it's not on him.

DANNY WRIGHT locks arms with Roosevelt player as they tussled for control of the ball.

KEN LITTLEJOHN fights for possession of the ball in the Roosevelt game as Dan Wright and Rich Polus wait to assist.

DENNIS DILLS lays another one up there as Roosevelt players assemble under the basket just in case.

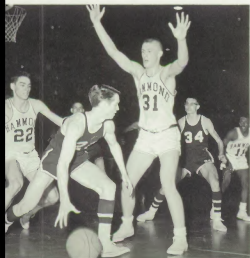

Tech and Hammond High players scrambled for a rebound.

Rich Polus and Dennis Dills tangled with Clark Pioneers for the ball.

HAROLD WILLIAMS evaded Hammond High cagers.

JIM VAUGHN was noted for stealing the ball as he did in this game against Morton.

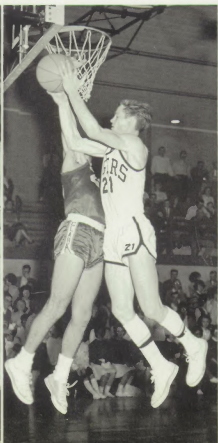

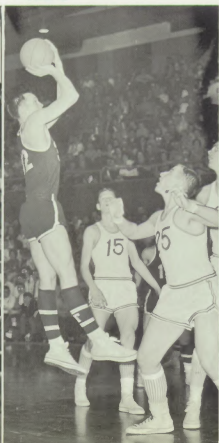

CINDY SOLAN and cheerleaders inspired the Tiger fans during a lull in play.

KEN LITTLEJOHN lays two more up at the expense of the Morton Governors.

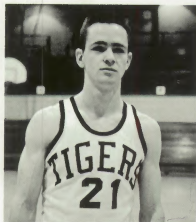

TWO POINTS for Tigers is what Dennis Dills aimed for, while Morton Governors looked on.

HAROLD WILLIAMS struggled for ball as he was obstructed by a Clark Pioneer.

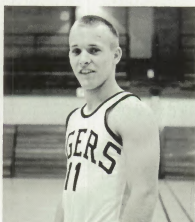

LAST MINUTE INSTRUCTIONS were given to Captain Ken Littlejohn by Coach George Berceles and Coach Dale Vieau.

## Paperback Books Were Sold at Fair

PAUL FOGARTY AND Linda Stapley studied figures of speech in Mr. Elmo Roessler's English VIII class.

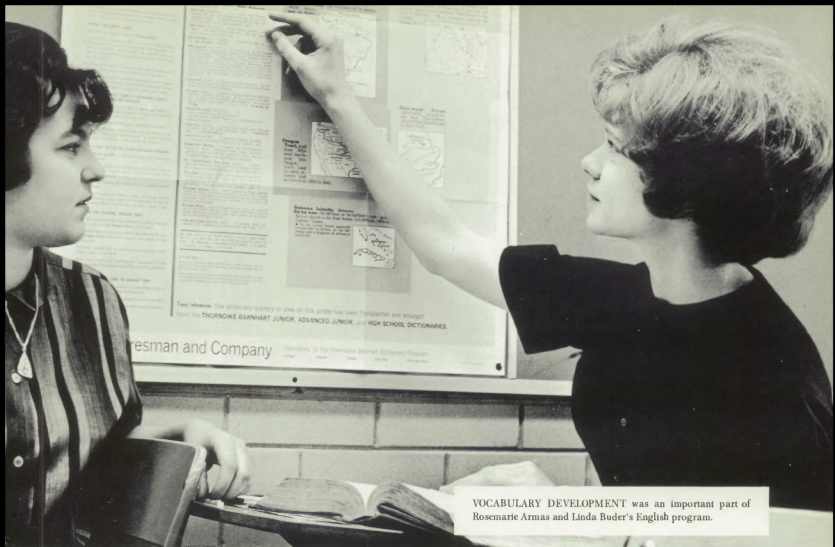

A Book Fair was sponsored by the English Department, Student Council, and Library. Two thousand paperback books, ranging from 35¢ to 90¢, were available for purchase by the students. The purpose of the Book Fair was to give students an opportunity to purchase books they had desired to read and own. Students were taken from English classes to view the books in a mobile trailer.

The various language arts classes offered to students were journalism, speech, American literature, composition, reading improvement, and the "Early Bird Seminar," a course in English literature.

MARY CROOK and Peggy Wilkison discussed features for Mr. Kermit Clyne's Journalism Class.

FRESHMEN ENGLISH students eagerly responded to Mr. Huey's questions on sentence patterns.

VOCABULARY DEVELOPMENT was an important part of Rosemarie Armas and Linda Buder's English program.

JOE HERNANDEZ, Cathy Borbey, Cato Davis, and Carolee Ostrom participated in a panel discussion on books in Mrs. Darline Kackley's speech class.

## Social

The classes included in the Social Studies Department were geography, world history, United States history, government, and economics.

Approximately \$190 was donated for gifts, food, clothing, and other essentials that Kim, Tech's Korean war orphan, would need. The government classes spent a half day visiting different bureaus and courts in City Hall. This year the social studies classes had four student teachers who stayed from eight to ten weeks. They came to observe and teach classes in their field under the supervision of the regular teachers.

BOOK REPORTS were required in Mr. Johnny Wagner's History V Class, which covered all events of United States history from America's discovery to the Reconstruction Period.

FRED SALMON AND Sandy Miller, in Mr. Frank Lentvorsky's geography class, viewed the globe while they studied the humid continental lands of the United States.

AFTER THE ANXIETY of a test in Mr. Wayne Wesley's Vocational World History class, students studied the next assignment.

## Studies Classes Donated \$190 for Kim, Korean Orphan

DELORES BENAK, Bruce Plath, and Mr. Jimmie Miller discussed the assignment in Economics class.

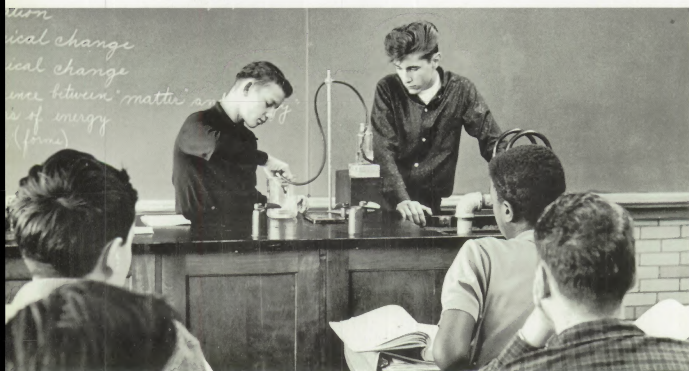

STUDENTS IN Mr. Henry Callantine's government class wrote down important points from a lecture.

## Science Program Conducted in Modern Classrooms

DOING EXPERIMENTS was part of the training John Gaul and Jim Galus received in Mrs. Genereose Jones's general science class.

GENE WOJDYLA, Carol Janik, and Phyllis Horvath worked on an experiment concerning the properties of oxygen in Mr. William F. Parson's chemistry class.

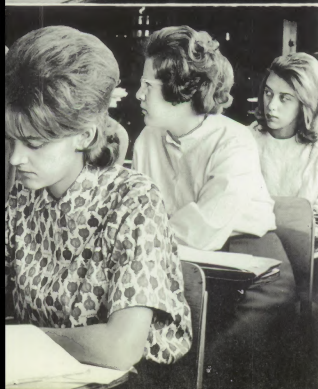

Science students with inquiring minds were able to further their scientific knowledge through study and experimentation in Tech's modern classrooms and laboratories.

Chemistry, physics, and biology were the required sciences for those on the Technical Course. The students experienced such projects as finding the properties of oxygen, dissecting frogs, making soap, and examining planaria under a microscope.

For the vocational student, general science and physical science were required. These classes supplied needed subject matter for a good background in practical science.

Biology instructor, Mr. Loren Hoch, cooperated with classes in Cafeteria Foods, under the direction of Mrs. Barbara Voliva, in helping food students become aware of bacteria. Students grew bacteria in culture plates and studied them under microscopes.

STUDENTS IN PHYSICAL science listened earnestly to a lecture given by Mrs. Phyllis Davis.

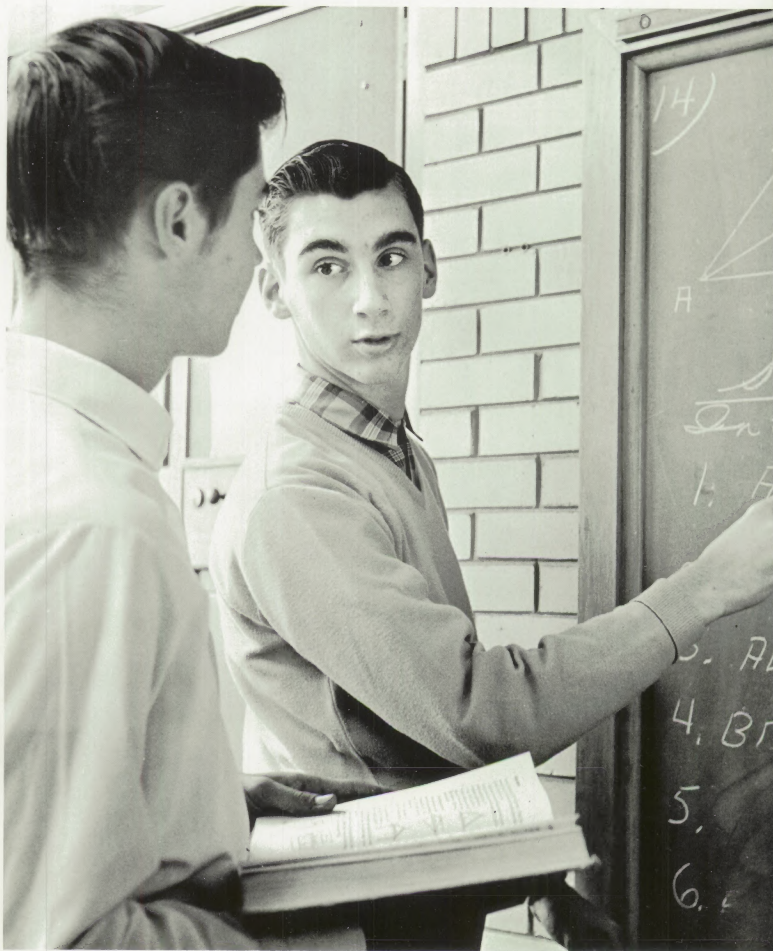

LOOKING THROUGH the microscope in Mr. Loren Hoch's biology class, Thomas Mudy observed planaria.

BOB DAUMER and Jim Glecko measured the two force components of a roller on an inclined plane in Mr. Welty's physics class.

## There Was a Math Course To Suit The Need of Every

TONY SPINDLER conferred with Tom Bastian while proving a theory in Mr. Terrence Jukes's geometry class.

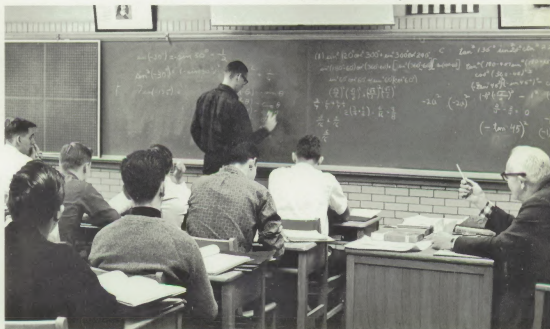

## Student—Boy or Girl

Whatever needs in mathematics a student had, there was a course at Tech that could prepare him appropriately for it.

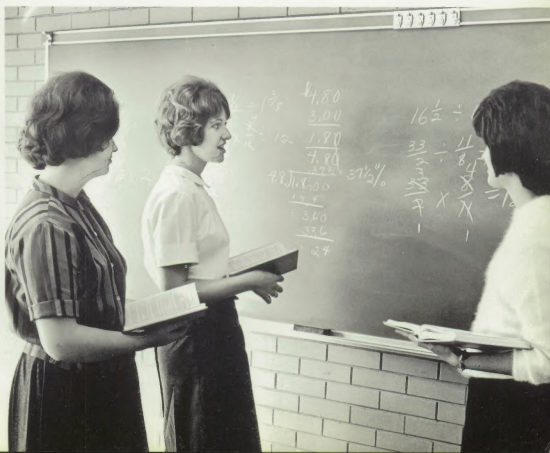

Shop math was provided for boys who wanted to specialize in the math of their chosen shops or vocations. Business math and applied math helped students with math that is used in both the home and the office. Advanced mathematics, such as algebra, geometry, and trigonometry, was provided for students who planned to go on to college or felt that they could use it in their chosen professions.

THE PARABOLIC CURVE studied by Christina Dergko in Algebra I class represents the graph of a quadratic equation.

STUDENTS IN Mr. Richard Fuller's trigonometry class put problems on the board as they did them orally in class.

JANIS BAK, Judy Doppler, and Marcia Tsouchlos worked problems on the board in Miss Margaret Hanlon's business math class.

## Care of Health and Home Stressed

**HEALTH** - Physical Education was a required course for all freshmen. Activities included were soccer, volleyball, basketball, tumbling, softball, and relays. Included also were such body-building exercises as push-ups, jumping jacks, and running exercises to strengthen leg muscles. Students in Health and Safety studied nutrition, first aid, good health habits, and the care of the body.

**HOME** - Home Nursing stressed the fundamentals of "being a nurse in the home." Home Management taught such things as budgeting, care of the house, and pest control. Homemaking classes studied textiles and design, tailoring, alteration and remodeling of clothing. Family Living was aimed at helping students to understand family relationships and to feel more at ease with others.

TRYING ON DIFFERENT colors of cloth in Miss Helen Thomas's homemaking class were Deborah Adams, Denise Bakota, Bonnie Ciba, and Joyce Benko.

GIRLS IN Miss Winter's physical education class learned how to square dance.

JEAN WILSON, Donna Brkovich, Darlene Wilson, Ellen Furman, and Lorraine Bogielski listened to instructions given by Miss Inga Erickson, R.N., in Health Service class.

SANDY MYSZAK, Joyce Froncek, and Annette Oakley studied fabrics in Miss Lillian Dagger's Home Management class.

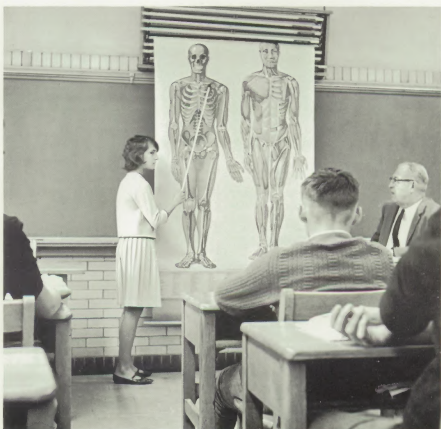

UP AND AWAY! Freshman boys enjoyed a game of soccer in Mr. Walt Villieu's physical education class.

TAKING PART IN a discussion on defense forms in Family Living were Rose Marie Armas, Lynn Amundson, Connie Davis, and Christine Dergko.

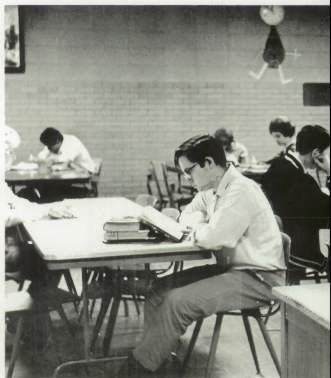

ALICIA ZELANIK NAMED the bones in Mr. R. M. Wilson's health and safety class.

LEARNING TO HOLD a baby in Mrs. Katherine Evans's Home Nursing class were Jerri Kline and Eleanor Koziol.

MISS MARGARET KEMNA'S Music Appreciation class was designed to acquaint students with the many facets of good music. Students listened to records, then discussed them.

STUDENTS IN study hall concentrated on their homework.

CLASS PIANO was a performance class in which students were taught by Miss Margaret Kemna to play the piano.

## Tech Students Joined Some Classes To Serve the School or Just To Enjoy

Pleasure and service were motives students had for joining such groups and classes as Drama, Art, Band, Music, Visual Aids, Tech Times and Chart.

Drama students appeared in one-act plays, a school play and a children's play.

The Band and Music Departments presented numerous concerts throughout the year. For students interested in playing an instrument, special lessons were offered, also a course in piano. For those who were interested in understanding good music there was a class called Music Appreciation.

Art students expressed themselves through their work. Among the many projects completed were posters for school campaigns and scenery for programs.

Students in Visual Aids operated the projectors and arranged for the movies to be shown to other classes.

CHART STUDENTS worked on identifying snapographs.

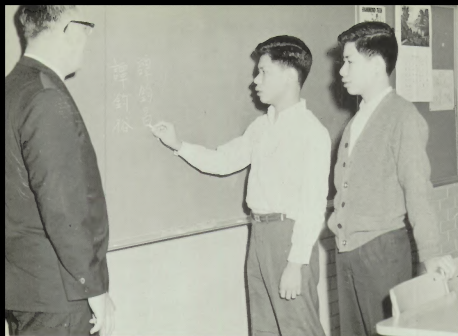

Thirteen issues of Tech Times were published during the year. The Chart staff worked busily to get out the biggest yearbook Tech has ever had, a 176-page annual.

DURING ART CLASS Richard Bartell worked industriously on his plastic project.

CHINESE WRITING was the topic of conversation between Mr. Robert Huey, English instructor, and Kuon Chung and Kuon Yee, students from Hong Kong who enrolled at Tech.

"YOU CAN'T TELL a book by it's cover," said Marlene Hollis as she looked at some of the books that were available at Tech's Book Fair.

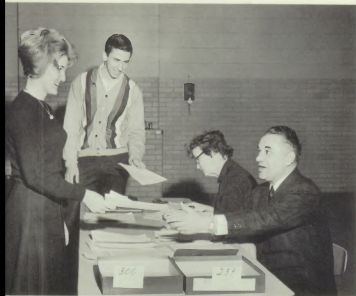

Mr. John Wagner, social studies teacher, donated to the Library a book entitled, "The Torch Has Passed," which is in reference to the death and funeral of our late President John F. Kennedy.

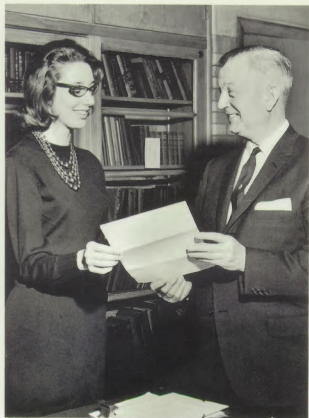

MARCIA TSOUCHLOS worked as cashier in the Book Mobile.

Drivers training was an elective in summer school. Seven Pontiacs were donated by Shaver Pontiac for students to learn driving techniques.

June Lakatos and Steve Kincius, members of F.T.A. helped Mrs. Davis and Mr. Jaris with the processing of grades at mid-year.

Mrs. Constance Saterblom and Mr. H.H. Wilson director, discussed plans for a unit of study to be offered in English V. She came to Tech in 1964 as the 100th member of the faculty.

JOE HERNANDEZ, Tech Times co-editor-in-chief, conducts a meeting with the staff to plan the next issue.

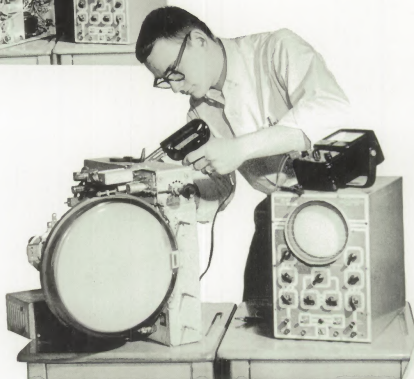

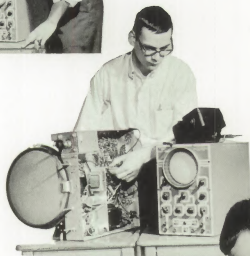

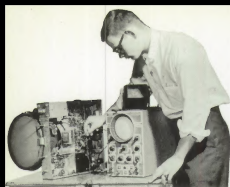

PASTE-UP was one of the duties performed by Tech Times page editors. Here Candy Nevers, second page editor, and Virginia Gray co-editor-in-chief, discuss Candy's page.

CROWDED STAIRWAYS and friendly students, all a part of a regular school day.

# THERE IS NO TIME

Ron Achor, senior, found a TV set badly in need of repair. This one required no mere tube replacement. Use of solder, parts, meter, oscilloscope suggested that he was putting much of what he had learned to a test. Could he make the TV set work? A flipped switch triggered current into the tube, it flickered, and then suddenly the moment of truth: It worked!

BOYS IN MR. Howard Binstock's Exploratory Electric Shop worked hard on their daily assignments.

## All Phases of Instruction In Electricity Were Offered

There were five shops that dealt with electrical work. They were Exploratory Electric, Electric 1, Electric 2, Electronics, and Home Appliances Shop.

In Exploratory Electric, the boys worked out of a textbook. They made coils, electro-magnets, and batteries. They connected circuits, lights, and made splices.

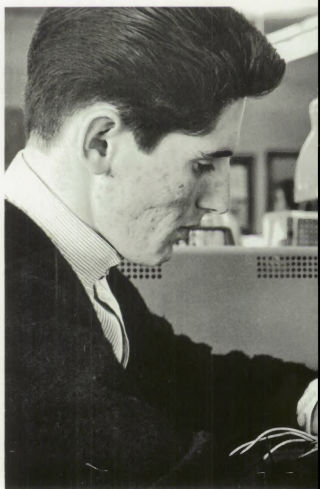

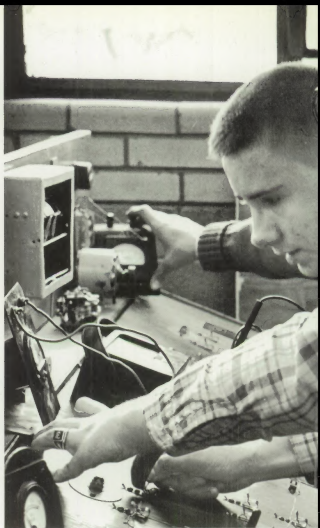

Electric 2 boys worked with house wiring circuits, telephone circuits, and signal wiring. They also wired the new dismissal board in the Gym and made

the control panel for it.

Boys in Electric 2 worked on electric motors, motor controls, and all other electrical devices that dealt with power.

Electronics provided the opportunity for students to become familiar with the basic circuits of radio and television. It also developed skills in the use of test instruments.

Home Appliances Shop taught the boys how to fix such appliances as toasters and refrigerators.

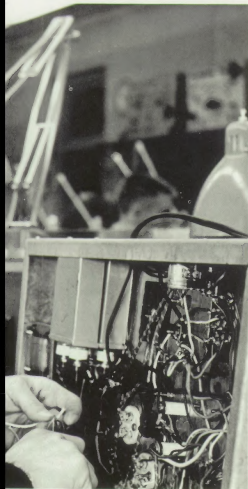

NICK GERTOS checked a transformer in Mr. Herman Buehrle's Electronics Shop.

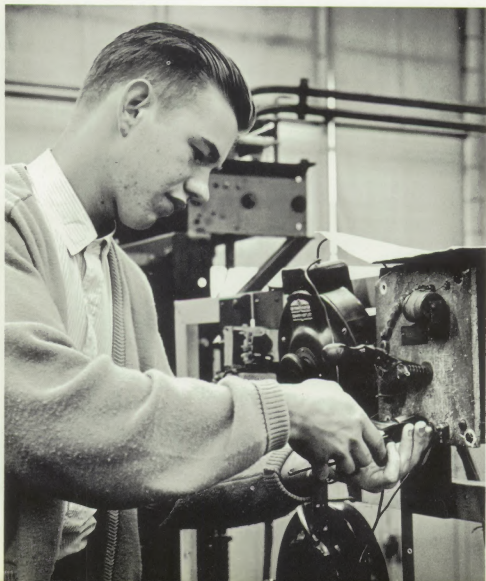

RICHARD POLESKI AND Ray Redding worked on a bell circuit with a knife switch parallel to a push button in Mr. Eugene Leroux's electric shop.

JOHN BENNETT checked a coffee pot in Mr. Donald Rinehart's Home Appliance Shop to make sure that it would percolate.

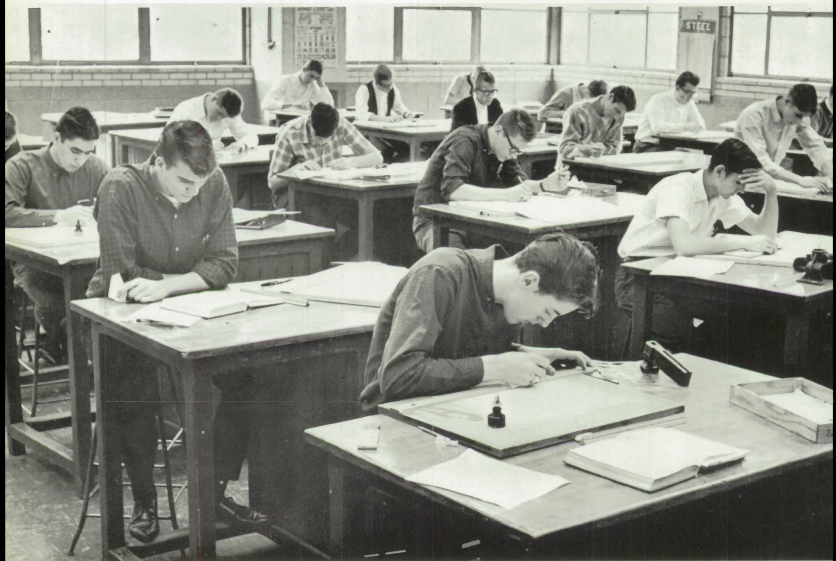

DAN STEMPER worked on a three-point starting box as a part of his training in Mr. Wayne Hobbs's Electric 2 Shop.

## Drafting Students Prepared For College or Job in Industry

Drafting was offered to those who sought jobs as draftsmen (or jobs involving a knowledge of drafting), or advanced college training. Exploratory Drafting gave freshmen an introduction to basic drafting procedures. Technical Drafting enabled students to understand better the processes useful to an engineer. Sketching and Mechanical Drawing gave boys knowledge of working drawings and sketches for use on the job. Boys planning to become professional draftsmen learned about all phases of drafting in the regular Drafting Shop.

BOYS IN Mr. Andrew Adaska's Drafting Shop worked hard on their assignment.

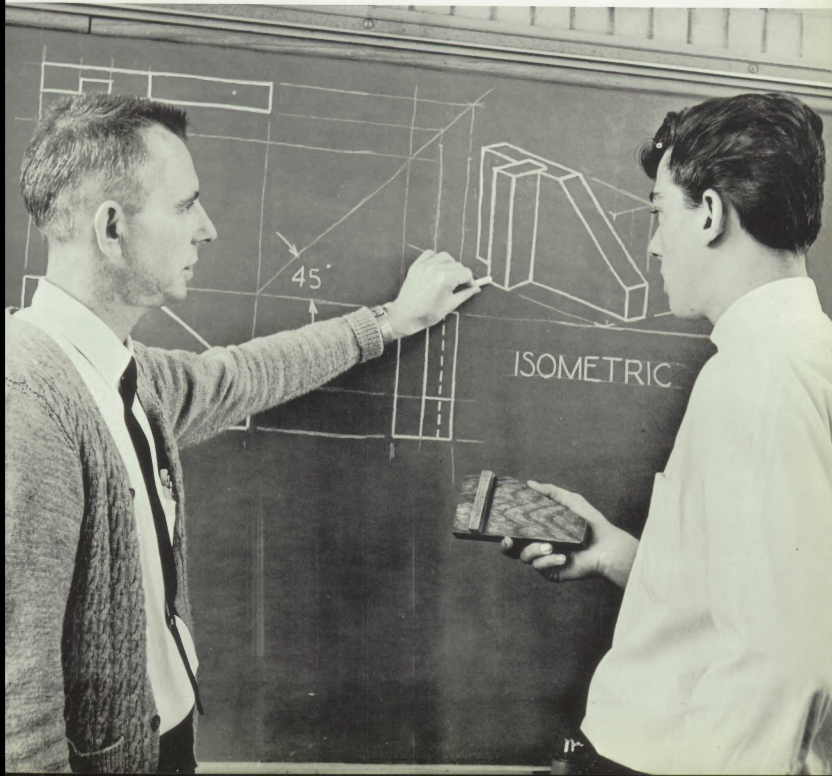

A FREEHAND SKETCH was the topic of discussion of Allen McDaniel and Mr. Donald Caspersen, instructor, in Sketching Class.

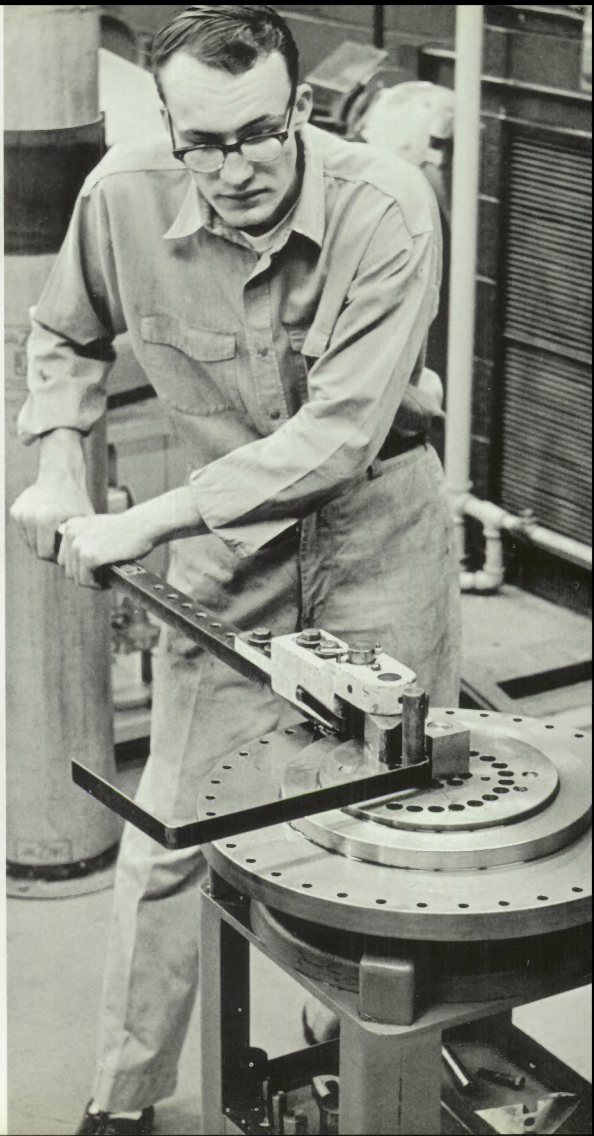

DOUGLAS ZIEMAK made a 3-view section drawing in Mr. Joseph A. Esterhay's Technical Drafting Class.

STUDENTS IN Exploratory Drafting class listened as Mr. Oscar Shreffler gave an explanation to them.

GEORGE WARQUIER made a tap plate in Mr. Ted Lazarz's Machine I class. ARC WELDING was taught by Mr. Arch Kennedy in Tech's Welding Shop. AL HIGGINBOTHAM and Don Hill helped to fix a hodd for a furnace in Mr. Robert Hoffman's Sheet Metal Shop. DON BELFORD drew up a center in Mr. Michael A. Steyck's Machine II Shop.

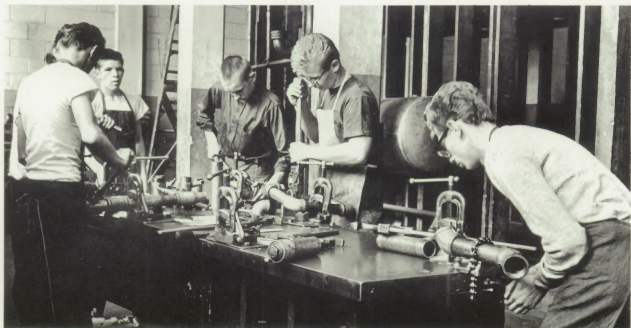

ALL PHASES of metal work were introduced to freshmen boys in Exploratory Metals Shop.

## Metals Courses—Biggest Part of Shop Curriculum

Tech's offerings for training in crafts involving metal were the biggest share of the shop curriculum for boys. Exploratory Metals introduced students to basic training in metal work. In the two machine shops, students were instructed in the use of the power metal working machines found in industry. Boys in Sheet Metal Shop learned how to set up full-scale designs from a blueprint, also layout work and fabrication. Forge-

Foundry Shop taught the boys the elements of making and using sand molds and the shaping of malleable metals. Welding Shop offered practical training in both oxyacetylene and electric-arc welding as well as the repair and maintenance of welding equipment. Plumbing Shop taught the boys how to cut, thread, and assemble various types of pipe.

STUDENTS IN Mr. Boyd Zink's Plumbing Shop became familiar with the kinds of pipes and kinds of joints used by a plumber or pipefitter on the job.

VICTOR MUSENBROCK bent a piece of steel to be used in a Foundry Shop project.

MR. WALTER SCHAW was the instructor for boys in Cabinetmaking-Pattern Shop.

BUILDING REPLICAS of houses was one of the projects required of boys in Mr. Jarvis's Carpentry Shop.

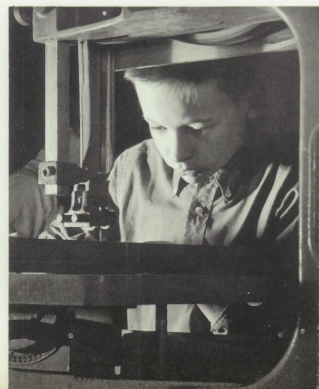

BAUDELLA TORRES worked industriously in Carpentry on the replica of a house.

## Students With Interest in Woodworking Could Enroll in One of Three Shops

Woodworking was offered in Tech's three well-equipped shops. All freshmen boys were required to take nine weeks of Exploratory Wood Shop to see if they were suited for further training. Two other shops included courses in pattern making, cabinet making, and carpentry. These shops stressed design, layout, and selection of lumber. Safe use of both hand and power tools was also taught. Students in all shops helped satisfy needs around the school for such things as repairs on desks and chairs and the making of props for the Drama Department.

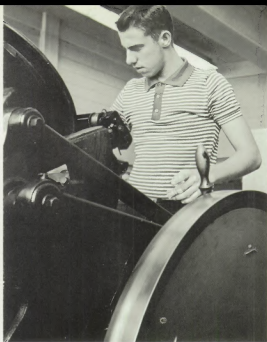

STUDENT in Exploratory Wood did layout work on the band saw.

## Students Kept Cars And Presses Rolling

Students in Auto 2 were taught the fundamentals of the auto engine. They also worked on small one-cylinder two and four stroke engines. Auto 2 students learned repair and maintenance by getting actual practice on automobiles brought into the shop.

Printing shops printed for the school city. Some printing students were also included on the staff of Tech Times since they set heads and operated the newspaper's offset press.

TOM GENDERON set up a job on a platen press in Mr. Pat A. Iannone's Printing 1 Shop.

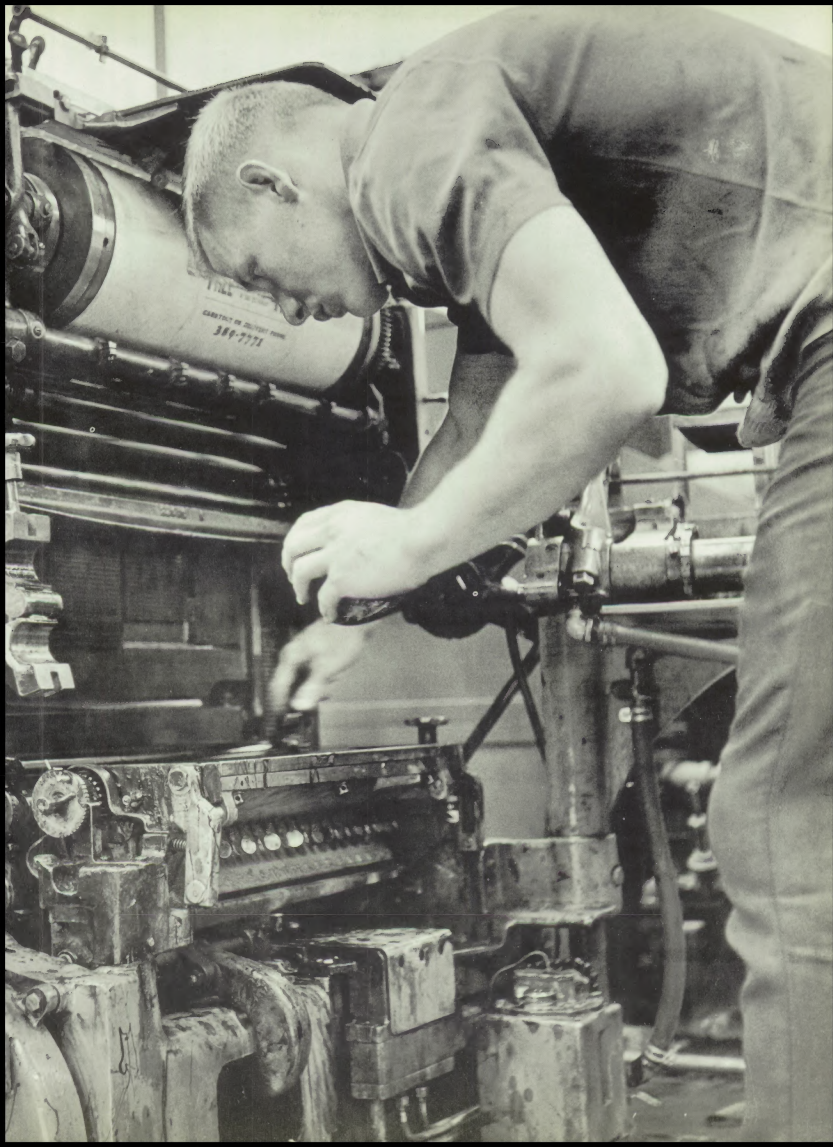

ON THE GO! Everyone in Auto 1 shop tried his best to fix the cars.

PAT McKERNAN worked hard in Mr. Marion A. Norris's Auto 2 Shop to take bearings out of a wheel.

INK WAS PUT on a press by Dale Ridgley in Printing 2.

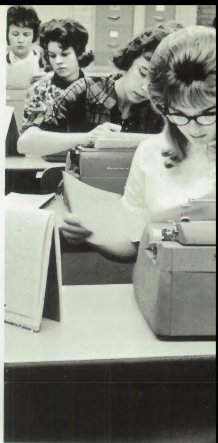

# Stenographic Students Took 'Office Practice'

Girls on the Stenographic Course were required to take Shorthand for two semesters, Transcription for two semesters, Typing for four semesters, Comptometer for one semester, Filing for one semester, and Business Essentials. With these preparatory courses, girls learned the functions and activities of today's business world. These girls, in a required shop called Office Practice, learned how to operate the office switchboard and to use files and office machines in "live" situations.

On February 19, 1964, ten girls on the Stenographic Course attended the 19th Annual Business Students Conference, which was held at Thorne Hall, Chicago Campus, Northwestern University. The girls went to an office machines show at the Conrad Hilton Hotel where they saw machines that were just introduced into the business world.

TRANSCRIBING LETTERS in Miss Sylvia Chilcott's Transcription Class was part of Carol Bodnar's everyday work.

STUDENTS IN Miss Sylvia Chilcott's Transcription Class corrected errors in letters they has already typed.

GIRLS IN Miss Sylvia Chilcott's Shorthand Shop read aloud from their own shorthand notes.

STUDENTS IN Mrs. Harriet Kramer's Personal Typing Shop took one-minute timings to help increase their speed.

CARDS WERE FILED in the proper order by Pat Gajda in Mr. Darrell Mazura's Filing Shop.

ARLENE BREHMER GOT instructions on running the mimeograph machine from Mrs. Harriet Kramer in Typing 3 and 4.

GLORIA BEJAR GAVE a report on proper dress in Mrs. Elizabeth Benson's Business Essentials Class.

STUDENTS IN Miss Mildred Ritter's Comptometer class learned to add, subtract, multiply, and divide on the Comptometer.

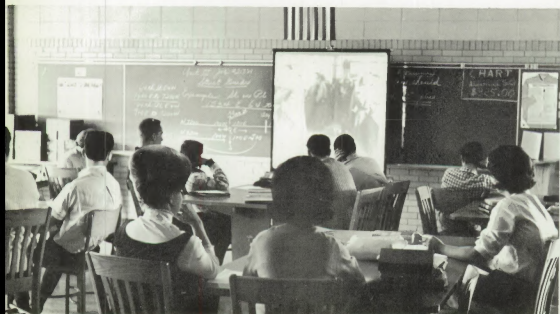

PART OF THE training received in Miss Sylvia Chilcote's Practical Service Shop was wrapping packages, demonstrated by Phyllis Bogielski, and Louella Nazimetz.

## Tech's Clerical Students

Clerical students "learned by doing" the work of an office worker. A good example of this was the Filing Shop where students kept their own files up to date. Comptometry students worked on various types of machines - adding, subtracting, multiplying, and dividing. In Bookkeeping, students learned the proper method of keeping records of business transactions.

Introduction to Business laid the foundation for specialized

STUDENTS IN Mr. Robert Painter's Salesmanship Class watched a movie.

KAREN TIEDE RECEIVED and dispatched phone calls at the office switchboard.

STUDENTS IN Mrs. Harriett Kramer's Personal Typing Shop took one-minute timings to help increase their speed.

## 'Learned by Doing'

studies in business and provided basic training for retail selling. Practical Service students learned some of the basic principles of business. Business Essentials provided a practice interview, writing application letter, and a review of training already received. Students in Distributive Education were taught salesmanship. Some of them had part-time jobs in the area as a part of their training.

D.E. STUDENTS learned through salesmanship, sales routines. Wanda Glover has just "sold" a sweater to Ed Trzupek.

MRS. MARGARET ARNDT, Barbara Donahue, and Jean Phillips went over Chart receipts in Bookkeeping Class.

MARIE GERASIN AND Barbara Lloyd weighed beans in Mr. Anthony Velliganis Introduction to Business Shop.

TYPEWRITERS WERE USED instead of actual keypunch machines. Joyce Decker explained to that class that on a typewriter the "J" stands for "4" on a keypunch machine.

## Seven Future Chefs Enrolled in Cafeteria Foods

Ordinarily only girls would enroll in the Cafeteria Foods, but in 1963-64 seven boys made this their shop. These boys were seriously thinking about entering this vocation as chefs or owners, someday, of restaurants. Cafeteria students gained extra experience by helping to prepare meals in quantity for those students eating lunch in Tech's Cafeteria.

Other foods classes included practice in setting tables and planning and serving well-balanced, nutritious meals at low cost.

Every girl was required to have at least one semester of Clothing. In this Shop, such items as skirts and blouses were made. Learning to sew by hand and on the machine were part of this course. Advanced clothing was offered to anyone interested in learning to do more difficult types of sewing.

CANDY SANDERS, Pat Melvin, and Susie Forsythe, students in Mrs. Barbara Voliva's Cafeteria Foods Class, helped prepare lunches and set tables in the Teacher's Lunchroom.

LORETTA WORTHEN AND Mrs. Pat Miller determined the correct length of belis in Clothing II class.

WANDA ASHLEY, Lynne Amundson, Deborah Arcella, Dorothy Armstrong sampled their cooking in Miss Alice Hamill's Foods I Class.

PAULETTE BARRELL HELPED Kathy Sobczak hem a skirt in Mrs. Alice Wood's Clothing I Shop.

RECEIVING HELP in clothing class from Mrs. Katherine Evans were Arlene Alley and Letha Pressley.

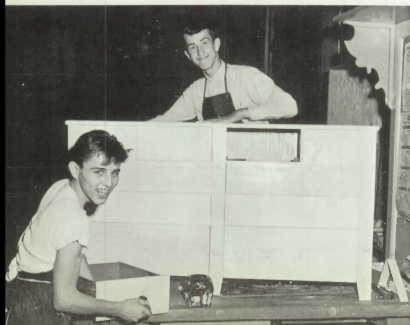

BOB DAUMER, Tim Thomas, and Mr. Walter Schaw are pictured inspecting the P.T.A. activities book, which the boys made out of different shapes and shades of wood.

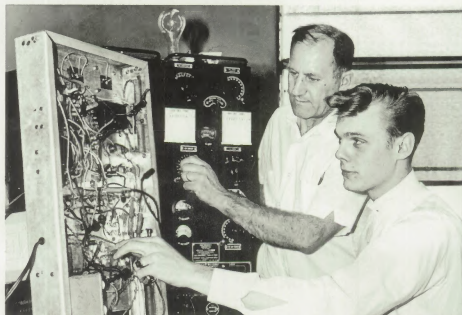

ADMIRING THE NEW look of the suits worn by students in Home Appliances Shop was Mr. Donald Rinehart, Home Appliances Repair instructor, as two of his students, Ron Berdine and Ed Jarvis, looked on.

JOE HORVATICH, with the aid of Mike Hegyes, made a dresser as a project in Mr. Walter Schaw's Cabinetmaking-Pattern Shop.

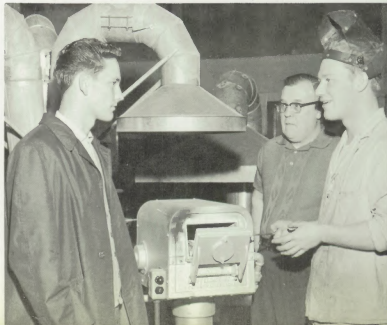

OFFICERS OF THE Hammond Shop Teachers' Organization were Mr. Andrew Adaska, president; Mr. Michael Stocyk, vice-president, and Mr. Emil Barney, secretary-treasurer.

JERRY NELESON and Mr. Herman Buehrle, Electronics Shop instructor, tested a Navy airplane transmitter for proper connection.

JIM OSTERMAN, foundry foreman, explained a new gas heat treating furnace to Joseph Boskovich, former Tech foundry student, while Mr. Logan Ranney, foundry instructor, looked on.

EXPLAINING HOW IMPORTANT sanitation is in the preparing of food is Mrs. Barbara Voliva, Cafeteria Foods instructor, to students Judy Whitehead and Clara Carpenter.

JOHN SUROVEK measured and ruled off sections of paper for posters he was making in Art.

RON VINCENT, Miss Inga Erickson, R.N., school nurse; Carol Parento, and Mr. R.M. Wilson, Tech Safety Supervisor, are shown admiring the safety award which was presented to Tech on February 18 by the Calumet Industrial Safety Council.

EVERYONE BUSY in Electric 2 and Auto 1 as seen through the window of another room.

FIVE BOYS programmed for Cafeteria Foods classes were Adam Funch, Dan Kozol, Paul Funk, Dan Williams and Bill Bishop.

# THERE IS NO TIME

Judy Van Hyfte, junior, prepared to face an audience beyond the footlights. She feared taking part in this Tech auditorium program, but with her was confidence gained in meeting similar situations in other Tech activities. Suddenly she heard someone say, "Judy, you're on!" She took her fear in stride and within that moment stepped out to do the job.

# Tech Students Danced to Favorite Tunes at Soc-Hops

# 'Cheaper by the Dozen' Was the All-School Play

"Cheaper By The Dozen," by Frank Bunker, was presented Nov. 8, 1963. Mrs. Lucille Parre directed the production.

The play took place in the 1920's and was about a very extraordinary family. The father, Mr. Gilbreth, had a heart condition, and he had approximately six months to live. He wanted his children to succeed in school and to spend their time wisely so that when he died they would be able to help their mother.

The main characters in the play were portrayed by Dennis Hill, Mr. Gilbreth; Debbie Thompson, Mrs. Gilbreth; Diane Jenkins, Ernestine, one of the children; Shirley Bandwick, the brain of the family; and Steve Grelecki, Larry, "someone special."

"OH NO!" said Ann and Ernestine when they found out that Martha told Larry that Anne was going with several college boys and even had their pins.

"WHAT IS IT I don't understand about high school girls!"

"A HOO RAY and a tiger for Montclair High" is the cheer Joe Scales is chanting much to the dismay of Anne and the joy of her sisters and brothers.

"WERE YOU terrible as the head of the purchasing committee," said Frank to Ernestine, as they reminisce about the family council.

"I'M GOING TO wear silk stockings!"

THE NOSEY NEIGHBOR (Carol Jaak) told Eddie's father (Jim Beatty) that he needed a sensible girl to take care of him.

ANN HAYES and Jim Beatty demonstrated their acting abilities in the Senior Class Play.

ELIZABETH (Diane Jenkins) tried to console Eddie (Henry Bender) in "The Courtship of Eddie's Father."

EDDIE AND HIS father did the shopping in the Senior Play.

## Seniors Presented 'The Courtship of Eddie's Father'

JIM BEATTY, Ann Hayes, John Surovek, and Diane Jenkins got together after the Senior Class Play, "The Courtship of Eddie's Father," to joke about their slight errors.

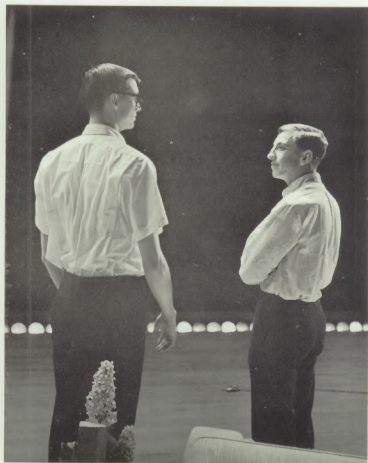

Jim Beatty and Henry Bender were selected to play the leading roles in the Senior Class play, "The Courtship of Eddie's Father" presented Feb. 19, 1964 at 8 p.m. in the auditorium.

The supporting cast included the following: Marge Welbes, Mrs. Masters, housekeeper; Diane Jenkins, Elizabeth, a nurse; Judy Hubble, Dolly, a beauty queen; Ann Hayes, Rita, a career girl; Carol Janik, Mrs. Bridge, a neighbor; Margie Angulano, Helen Ann, Mrs. Bridge's daughter, and John Surovek, Norm, a gay bachelor.

Also, Ed Cole, Mr. Donnelly, a sixty year old apartment superintendent; Steve Kincius, Mr. Shane, camp director; Wayne Huddleston, Mike, Eddie's bunkmate; Carmen Reyes, Becky, a secretary; Sue Forsythe, Loretta, a sensible girl; Carolee Ostrom, Alice, a teacher, and Fred Seidler and Cato Davis, as Cal and Henry, boys at the camp.

Assistants to the director were Alex Kaleta and Eileen Nickelson; scene designer, Dennis Hill, and props, Yvonne Kasper, Cathy Dobedy, and Ron Adams.

TOM CORBETT had a man-to-man talk with Eddie.

EDDIE assured the housekeeper that it was perfectly all right for her to leave him alone.

MR. JOE KERWIN measured a senior for his cap.

ALEX KALETA collected money for rental fees of caps and gowns.

SENIOR MIRROR winners displayed their awards.

## 'A Walk Down Memory Lane' Was Theme For Party Honoring Seniors

"A Walk Down Memory Lane" was the theme for the year's Junior-Senior Party in honor of the outstanding seniors.

The Senior Mirror Awards were presented to the winners by the Junior and Senior Class presidents with the aid of their respective class secretaries. An outstanding boy and girl were selected for each of the 27 classifications. Some of the awards that were given were for best dressed, most popular, most likely to

succeed, best school spirit, best dancer, most pleasing personality, cutest nickname, best looking, and best all-around seniors.

Entertainment included dancing and games which helped introduce everyone. Winners of the games received a free basketball ticket to the Morton game. The refreshments consisted of punch, cake, and mints.

BEST-LOOKING SENIORS in 1964 were Harold Williams and Judy Hubble.

ROSEMARY ZVYAK and Bill Vandenbennden were voted the best all around seniors in the Class of '64.

# Outstanding Seniors of 1964

## Juniors

### JUNIOR CLASS OFFICERS

LEFT TO RIGHT: Dale Ridgley, vice-president; Val DePaula, social chairman; Mike Bosch, treasurer; Judy Doppler, secretary, and Dennis Dills, president.

## Junior Class History

The Junior Class of 1965 sponsored two major events—the Junior-Senior Party in honor of the graduating seniors and the Junior-Senior Prom.

Officers of the Junior Class were Dennis Dills, president; Dale Ridgley, vice-president; Judy Doppler, secretary; Mike Bosch, treasurer; and Val De Paula, social chairman. The sponsors were Miss Mildred Ritter and Mr. Gerald Kackley.

Each year since 1950 the Northern Indiana Art Salon Patron's Association has presented to a high school in the area a painting valued up to \$150, which is chosen from the exhibit by a committee of students and teachers. In 1964 Hammond Technical-Vocational High School received the award. The Committee chose the painting "Coastal Landscape" by Gertrude Witke. The students on this committee were, from left, Jod Nevers, Wayne Huddleston, Jim Strauser, and Tom Diehl. Faculty members on the committee were Mr. Theodore Plack, industrial coordinator, and Miss Ruth Clency, art instructor.

As a member of the Senior Class, very soon you will be making a decision regarding a big step into the future. Perhaps your decision will be to go on for further education. Or it may be, you will be looking for the job of your choice. In either event, this decision will affect and shape your future life in many ways.

Regardless of what you decide, we hope that the Inland Steel Company will be a part of your future.

Many graduates are currently involved in successful careers here at the Harbor Works as part of the nation's basic steel industry.

Steel mill work today is highly complex, involving automated production lines which

# WHAT IS YOUR FUTURE?

require people who can be trained in skilled jobs. Most of the jobs are involved directly in the steel-making process while others are available in the laboratories or in various departmental offices. Regardless of your interests, excellent opportunities exist with Inland Steel.

In addition to excellent paying jobs and an outstanding benefit program, Inland offers a variety of on-the-job training programs plus the Purdue-Inland Program. This Program, offered to a full time employee, provides training in the areas of steelmaking, mechanics, and electricity.

Plan now to investigate the many opportunities for your future with Inland Steel Company.

# EDWARD CONGRATULATES HAMMOND TECH GRADUATES

Another fine group of men and women will join the ranks of Tech alumni. Many of our best employees have come from Calumet area high schools, especially Hammond Tech. They work as technicians in our world-famous research and experimental laboratories (above); as draftsmen and designers in our quality-conscious engineering department; as production workers in our modern manufacturing plant; or they perform a wide variety of duties in our many fine offices. We're proud of these Tech graduates. We hope to see more of them.
